

To Whom it May Concern:

Derrick's team at We Got Next Cleaning has been cleaning our properties for around 6 years. In that time, they have taken care of our Transitional Living program properties, our Therapeutic Weekend properties, our Dance studio, and various other classrooms/facilities.

They have always done a good job and I would recommend their services.

A handwritten signature in black ink, appearing to read "Michael Swain", is positioned above the typed name. The signature is fluid and cursive, with a large loop at the end.
